Brain Bee Competition

When: March 1, 2024 (Friday)
Where: 1280 East Campus Drive, Health Professions Building/College of medicine
Who can participate: Anyone between age of 13 to 17 years

Promotes student engagement with neuroscience through a three-tiered competition: students start by signing up for a Local Brain Bee, the winners of which compete in their country’s National Brain Bee. Every year, National Brain Bees send one representative to compete at the IBB World Championship.

Winners: Prizes will be awarded to first, second and third finishers. The first-place winner will receive travel funding ($500) to attend the National Brain Bee Competition.
